Beer Pong Enjoy a great game that combines beer and ping pong. Beer pong, also known as Beirut, is a drinking game in which players throw a ping pong ball across a table with the intent of landing the ball in a cup of beer on the other end. The game typically consists of two players per side. You pour the beer into the cups (1/3 or 1/4 of the cup). You will also need to cups with water in order to rinse off the ball. Each team takes turns attempting to shoot ping pong balls into the opponent's cups. If a ball lands in a cup, the contents of that cup are consumed by the other team and the cup is removed from the table. The first team to eliminate all of the opponent's cups is the winner. The teams shoot in turns, one round means four shoots - every player shoots once. The losing team must drink all the remaining beer on the table.
